

Learn the best practices to end bullying: Solution Team® & Solution Coach®

A No Bully inservice training

Student bullying presents an intractable problem for schools. Traditional responses are ineffectual and punishment generally makes things worse. This one-day inservice is for educators and counselors wanting to bring the new best practices to their campuses. Research shows that Solution Team® and Solution Coach® end student bullying in 80 to 90 percent of cases, making these some of the most effective anti-bullying interventions ever.

Participants at this in-service will learn:

- **How to lead a team of students** through all the stages of a Solution Team by accessing their empathy to solve the bullying of one of their peers..
- **How to Solution Coach®** students away from the role of bully and target using a student centered approach to behavioral change.
- **How to integrate Solution Team and Solution Coach** into your school's procedures for dealing with challenging student situations.

No Bully
Anti-Bullying Programs for Schools

No Bully is a respected San Francisco-based 501(c)(3) non-profit. It developed Solution Team as an opportunity for students to learn and apply empathy on behalf of one of their peers. Over time, Solution Team helps schools to develop a student culture based on kindness and compassion.

Easy to incorporate into our school day. No crazy products to buy. No DVDs or CDs or posters or anything to purchase. This training was straightforward, data driven, proven strategies. I highly recommend it."

Liz Cowgill, School Counselor, Malibu High School

"We've run about fourteen solution teams this year. Not only has it stopped the bullying in every case, but we are seeing mutual respect now between the students. It taps into the fundamental human value that everyone is good at heart."

Greg Barnes, Assistant Principal, Bowditch Middle School
